

# A COW'S DAILY DIET

A dairy cow will make **100 glasses** of milk a day.  
To do this, she must:

Eat 90 pounds of food  
– that's like eating

**90 APPLES**

Umm waiter?  
I think there's  
been a mistake.

Drink 50 gallons of water  
– that's almost a

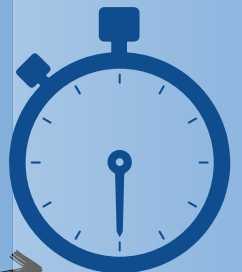

**BATHTUB FULL**

Rest for

**14 HOURS**

a day
