

HOW TO USE THE DISCOVER DAIRY APP

Join the Adopt A Cow Fun and follow along on the Discover Dairy app. The app is free and easy to use! Use the step-by-step directions below to access your adopted calf information.

1 Download the App

Search Discover Dairy in the Google or Apple App store, or scan the QR codes below to download the Discover Dairy app.

IOS APP

ANDROID APP

2 Allow Notifications

We will send one notification each time something new is available for you to view in the app. To stay in the loop, turn on the app notifications.

3 Access Your Calf & Farm Information

Both Adopt A Cow and general Discover Dairy resources are available on the app. To access your host farm and calf information, do the following:

- ➡ Tap on **Adopt A Cow**
- ➡ Tap on **My Adopted Calf**
- ➡ Enter your **Cow Code** in ALL CAPS: _____
- ➡ Tap **GO**
- ➡ Click on any of the buttons that are in **color**. The **gray** buttons will have photos and information later in the year.
- ➡ Click on any file or photo to download and save

The Discover Dairy app is a great way to follow along for the year and enjoy the fun! Feel free to check out the rest of the app and discover dairy videos, e-books, recorded farm tours, and meet Clover our AR Cow. Clover is excited to meet you and get a picture with you in the app!

If you have any questions about the app, contact the Discover Dairy team at info@discoverdairy.com.
